

David's Dulcimer Models - Features and Prices (v10) 2018

Currently I'm focusing on a handful of instrument models, three of full sized "Big Beede" dulcimers, one octave dulcimer and two double bass dulcimers.

I have a waiting lists for each of these models. When I complete an instrument I contact the person on the top of the wait list.

There is NO deposit required, and therefore no commitment to purchase.

Dulcimer Models that you can be placed on a wait list for:

Beede full sized hourglass dulcimers all share the following characteristics.

Overall length 36" * Body length 31" * Body depth 2" * Upper bout 5.5" * Waist 3.5"
Lower bout 7.5" * VSL [string length] 25" * Decoupled tailpiece *
Hallow fingerboards * Sitka Spruce bracing * Solid Sitka Spruce sound boards
Sun / Moon Stars Sound Holes [They have become my Trademark]
Quality bridge materials * Fret scale accurate to 2 thousandths of an inch. [.002"]
Quality tuning machines * Hand rubbed satin finish
